Email: eddie@example.com

Professional Summary

Senior full-stack, cloud, DevOps, and AI engineer with 14+ years of experience designing and operating scalable web apps, cloud platforms, and AI-enabled systems end-to-end. Specializes in TypeScript-first stacks, modern React architectures, API design, cloud-native infrastructure, and production-level DevOps practices.

Technical Skills

Frontend: React, TypeScript, Next.js, Tailwind CSS, HTML/CSS

Backend: Node.js, NestJS, Express, Fastify, Python, Go

Cloud: AWS, GCP, Azure, Vercel, Cloudflare

DevOps: Docker, Kubernetes, Terraform, Ansible, GitHub Actions

AI/LLM: OpenAI, Claude, LangChain, LangGraph, RAG, MCP, Ollama

Databases: PostgreSQL, MongoDB, Redis, Prisma, SQLite

Professional Experience

Freelance AI Developer

Self-Employed | Jul 2025 — Present

Integrating open-weight and frontier AI models (GPT, Qwen, DeepSeek, Mistral). Deploying self-hosted GPU AI servers with Ollama, Docker, and Kubernetes. Building RAG architectures and vector pipelines.

Technology Consultant

Freelance | May 2023 — Present

Delivering end-to-end full-stack solutions with cloud-native applications and AI integration. Managing CI/CD, infrastructure across AWS/Azure/GCP.

Founder & Lead Engineer

Meetlily Advertising | Jan 2019 — May 2023

Led operations, product management, and software development. Built web, mobile, and desktop applications with server administration and security.

Software Engineer Consultant

Dashboard Hosting | Dec 2020 — Mar 2023

Built scalable real-time chat and video streaming platforms. Managed multi-node Kubernetes architecture with high availability. Implemented monitoring with Prometheus and Grafana.

Software / Mobile Engineer

Welligent | Mar 2015 — Aug 2020

Developed cross-platform mobile EHR apps with Ionic/Cordova. Built real-time messaging and video conferencing. Architected REST APIs and ensured Section 508 accessibility.

Web Developer

Easton Advertising / Resite Online / InMotion Hosting | May 2013 — Jul 2017

Planned, created, and managed websites. Directed design and development workflows. Built data-driven PHP/MySQL applications.

Education

Centura College | Senior Instructional Designer 2009–2010, Instructional Designer 2008–2009
